We are excited to have secured Dr. Harold Crossley for our Winter Meeting this year. **Winner of the Gordon Christensen Lecturer of The Year Award at the 2008 Chicago Midwinter Meeting**, Dr. Crossley is Professor Emeritus at the University of Maryland Dental School, has co-authored a number of articles and four books within the field of pharmacology. He has been a consultant for the U.S. Drug Enforcement Administration (DEA) and many law enforcement agencies since 1974. He is internationally renowned in the fields of chemical dependency and clinical pharmacology. This year’s program will include many topics and will be broken down into two parts. This six hour presentation provides the nuts and bolts of practical pharmacology useful in the dental office. Part one will use the fifty most prescribed drugs as a template. The second part will feature a snapshot of legal and illegal drug abuse. This part of the program will explore why people become addicts, signs and symptoms of their abuse and the impact of substance abuse on your practice, your family and you.
